

## 7.6 Solving and Graphing Inequalities +/- Practice

Change variable to left side. Graph the inequality.

1.  $10 \geq n$

2.  $14 \leq v$

3.  $21 < p$

4.  $3 > x$

5.  $20 < k$

6.  $7 \leq m$

7.  $12 \geq h$

8.  $6 > b$

9.  $-2 \leq w$

Solve the inequality. Graph the solution.

1.  $n - 9 \geq 2$

2.  $v + 10 \leq 14$

3.  $p + 21 < 65$

4.  $x - 3 > 9$

5.  $20 < k + 15$

6.  $8 \leq m - 7$

7.  $12 \geq h - 8$

8.  $8.2 > 6.2 + b$

9.  $w - 36 \leq 64$

10.  $a + 16 \geq 25$

11.  $r + 34 > 90$

12.  $y - 19 < 51$
